

ASSOCIATION OF
**COMPOST
PRODUCERS**

"We Build Healthy Soil"

a Virtual COMPOST2021 - Poster

ACP Air Regulation Taskforce

January 26-27, 2021

Dan Noble

ACP Executive Director

HealthySoil.org

Topics – on this Poster Presentation

- **Association of Compost Producers (ACP) – California USCC State Chapter**
 - Air Regulations Taskforce
- **Air District Compost Rules**
- **California Air Resources Board Regulations**

Association of Compost Producers

A Public/Private Association - 501(C)6 –

Calif. State Chapter of US Composting Council

- Public and Private Organics Residual Generators
 - Green Waste, Manure, Food Waste, Biosolids
- Public and Private Compost Producers
- Public and Private Compost Marketer/Distributors
- Equipment, Material, & Consulting Enterprises

Our Vision:

- Support beneficial reuse of organics in California, compost playing a central role to
- Build and maintain sustainable healthy soils,
- Keeping our state's lands productive, green and biologically diverse for generations to come.

Our Mission:

Increase the quality, value and amount of compost being used in California.

ACP Board of Directors - 2021

- ***Inland Empire Utilities Agency***
- ***Kellogg Garden Products***
- ***Engel and Gray***
- ***Republic Services***
- ***San Pasqual Valley Soils***
- ***Soil and Compost Consulting***
- ***HDR, Inc.***

Two Levels of Membership

- ***Over 30 Supporting Members***
- ***Over 100 National Members***

ACP Working Groups & their Work Products:

1. **ACP Marketing Working Group** - Sara Hammes
 - *“ACP Marketing & SB 1383 Procurement Support Program”*
2. **ACP Healthy Soil, EJ, Agroecology Working Group** - Janaki Jaganath

 - *“ACP Contamination Reduction Guidebook”*
4. **ACP Policy & Executive Lobbyist Committees** - Kathy Lynch
 - *“Top issues that ACP has been Working on in 2020”*
5. **ACP Air Regulations Task Force** - Jeff Ziegenbein & Tom Del Conte
 - *“SB 2588 - Air Toxic “Hot Spots” - including Compost Facilities”*
 - *“BAAQMD - Rule 13-3 Composting Operations”*

Air District's Compost Rules and Funded Project

ACP Leadership actively engaging with Districts on Rule Formation and Demonstration Project

Past and Future

- South Coast Air Quality Management District – aqmd.gov
 - Compost Rule 1133.1 – Chipping and Grinding Activities
 - Compost Rule 1133.2 – Emissions reductions from Co-composting facilities
 - Compost Rule 1133.3 – Green Waste Composting
- San Joaquin Valley Air Pollution Control District – ValleyAir.org
 - [Compost Rule 4566](#)
 - [Greenwaste Compost Site Emissions Reductions from Solar-powered Aeration and Biofilter Layer](#) – ACP Project Grant Report
- Bay Area Air Quality Management District – baaqmd.gov
 - [BAAQMD – Compost Rule 13-2](#) Work is in its third year!

California Air Resources Board Regulations

- SB 1383 – Short Lived Climate Pollution Reduction
 - Article 12 – Procurement of local compost
 - Using compost in local communities to avoid methane emissions and stimulate drawdown into soils throughout California
 - In addition to participating in regulation formation see also: *“ACP Market Plan & Program WG Poster”*
- SB 2588 – Air Toxics “Hot Spots”
 - Comment Letters in 2020
 - Engaging with CARB Staff during a 5-year implementation period, thru 2026
