This exciting afternoon will feature equipment and techniques for getting the compost “the last mile” to where it will be used to improve soil health and protect water quality.

If you are a farmer, a landscaper, and grounds manager, or anyone who needs to apply compost efficiently, this is for you!

Application equipment for farms, vineyards, turf, and erosion control, from hand powered spinners to massive blower trucks, will be available to see and watch. Presentations and activities:

- 1:00 -1:30 Arrival, check in, visit with vendors
- 1:30 - 2:30 Spreaders demonstrated
- 2:30 - 4:00 Education stations:
  - Water Quality Protection
  - Spreader Calibration/Application
  - Soil health
  - Others tbd
- 4:00 - 4:30 Visiting, shuttles return to convention center

### *Spreaders you will see:*

- ✓ Laird Vertical Mixer
- ✓ Finn MBX Material Blower
- ✓ Finn MBH6 Trailer Material Blower
- ✓ Others TBA

***Don't miss this unique opportunity!***

Hosted by the Association of Compost Producers. Part of COMPOST2023, the 31<sup>st</sup> Annual Conference and Tradeshow of the US Composting Council
